Dear Jesse

Your letter with

the \$100.00 order came yesterday
Thank you ever so much for it-

This is a dark rainy morning
rained about all day yesterday,
and some last night are sure having
April showers and sure hope they
bring the May flowers.

I am not feeling very good this
morning but no worse than the
most of the mornings. as that seems
to be the worst part of the day for me

if I am not well. I am so glad you are getting along so well in the business there and hope you will do well all the time from now on - and hope you can soon be all out of debt. Fannie is wishing you could pay her up as she wants to use it - for fixing up her home here - I am in debt to Howard ~~about~~ between 4 and 500.00 and to Bertha about \$200.00 so you see how deeply I am in debt.

I am awfully sorry it is so but there didn't seem to be any other way out at the time I know you have had hard times but hope the worst is over now and that you may get along fine and out of debt completely.

I am so glad you have Frank with you and that he is so good to you and appreciates what you have done for him so much you and Lula have been so good to him.

Howard is in Colorado Springs now - has a job in a mill there and thinks he likes it better than Denver - It is seventy five miles south of Denver and six miles from Pike's Peak. I am glad he has found a good job.

I suppose Bertha told you about finding Mrs Daily your Father's cousin there in Portland. guess you remember her husband being in Dickson with us for his health. I haven't heard from Clarence or George for some time. Sunny has gone to school now goes from nine a.m till noon.

Joe is working nights now and sleeps the most of the day. I am glad Fanna goes to see you sometimes. Daz she ever go to see Walter.

Well guess this is all for this
time 'cause you are all well,
and that you will write often
and get me in shape to pay my
debts. am taking treatments from
a Dr here now. he sure is real
nice. I miss Lula and Frank's
letters but guess both are busy.

Love and all good wishes to
all, from Mamona.
