

308 So. Main St.

Janesville, Wis.

Jan. 13, '28.

Dear Cousins, -

Your Christmas greeting on such a lovely card reached me here and I surely was very much pleased to hear from you and thank you for the good wishes. I am also wishing you a happy and prosperous New Year, even tho we are getting on into the year. You I had heard that Nellie and Walter have come back to the U. S. No doubt you will be coming along too some of these days.

We have had some fine winter weather so far. There has been some cold spells but since New Years it has seemed very much like our spring weather.

I came here to Janesville in Oct. I lived here a couple of years

once and rather liked the town so
thought I would come back, Aunt
Linnie (mama's sister) - lives here
and also a couple of cousins, as
well as old friends. I am still
doing retouching for the trade but
it is rather light just now. For a
few weeks before Christmas this is
is always a big rush to get the
work all out.

Uncle Dillon and Mary are spending
the winter in Warren with Aunt Emma's
relatives. They seem to be having a
very fine time. I am glad they are
there for ^{the} house they live in out at
the mine isn't very warm for
winter weather.

I seem to have lost track of Clarence.
Do you know where he is. I
sent him a card at Wheaton but
have never had an answer. I had
a Christmas card from Bertha. I lost
out on seeing her when she came
back last summer. Guess you

did too for I think she wrote that
she only went as far south as
Lanaris.

Well, I don't feel that I know
much news to tell you and yet
have written quite a long letter.

Kind you both might take the
time to write to me. Would love
to hear from you.

Yours with love and good wishes

Anna,

My stationery was a Christmas present. Don't
it fine?
