Mr. and Mrs. J. D. Crosby
and family

Bartle

Oriente

Cuba

Seems like a long time since
we've heard from you.
Hope everything is going
well - Marguerite & two boys
have been here for 2 mos while
Carl works in Macon, Ga.
The files saws at \$2.50 per
hour and is guaranteed a
40 hour week. The best
job he has had yet but he
doesn't think Macon a good
place for the family to live.
Had been there 2 1/2 weeks & had
seen 2 men shot down in the
streets - 1 a white man, the other
black. Was down to 29° night
before last & the 2nd time we've
had ice this fall. Everybody
here well & coming along fine.
We got our tractor demolished

over to T-la? There isn't
much use of my asking
your questions when you
never write to answer
them, is there!

Elizabeth Lockhart's husband
died last week -

Best wishes, Doll
Lorina

last Thursday night about 6:30
P.M. Our man decided when
he came in from work to
run down the road & return
a borrowed weed cutter.
It was only a couple of miles
he was on his way back
when a woman drove
head on into his back right
wheel & Martin was running
it off the pavement anyway.
He had his 11 yr. old boy up
astride the gas tank. Both
Martin & Jerry were thrown
clear & Martin had only bad
cuts & bruises but Jerry had
a broken hip bone & was in
the hospital until yesterday P.M.
until we brought him home
here to keep him in bed &
close to the doctor. The
tractor is demolished and
the insurance adjuster is
seeing what can be done.
The woman's car is a
wreck but she came out
with only cuts & possible
loss of one eye. Her last
wreck her husband & two
children were killed. I hope
she loses her drivers
license this time & saves
somebody trouble later
on.

So your sister-in-law
still planning on coming
