Dear Uncle Jesse,

Have been wondering if you failed to get the letter I sent you nearly two weeks ago or if you have just been too busy to write.

Dad had told me he got a letter from someone down there saying that you wanted my address. Dad said the estate in Tennessee had been settled and that you had some money to send to me as soon as you found out where I was. gee! I sure hope this is true. I am out of a job at present and have a pretty small chance of getting work soon. A few dollars coming to me now would be like a gift from heaven to me right now.

Have been hearing some pretty bad reports about Cuba lately. I saw Mr. Fish's a couple of days ago. He was telling about it.

I asked him about when he planned to go to Cuba and he said "not any time soon."

How is Dad's old handle factory getting along? Are you making handles too?

I am thinking about going up in Georgia to look for work soon but if I do go will have my mail forwarded. Will be here until about the 21st anyway. I sure hope this is not a false alarm about the money because I sure do need it now.

Hoping you are all well and happy and that this new year will bring you new success

Sincerely

Arthur W. Crosby
